

## Open Up Your Heart

Gregory Isaacs

I do love you... yes I do  
Wanna make you mine from ever since  
But girl so you're so very hard to convince  
Wanna us both to make a new beginning  
Sister please, open up your heart and let love come  
Runnig in  
I'll be the moonlight in your heaven  
And all your sins will be Forgiven

Wanna us bouth to make a new beginning  
Open up your heart, let love come running in  
I wanna be there, I wanna be with you  
And all my dreams, all my wish surely come true  
I really, really, really wanna give  
To you this love of mine as long as I live
