

## Poor and Clean

Gregory Isaacs

A rich man's heaven is a poor man's hell

So many years I've been slaving in your factory  
Never had a chance to talk with the boss  
And for so long I've been living in this old community  
Where no one knew my pain yet I've paid the cost  
No one knew my pain lord yet I've paid the cost

But I would rather to live poor and clean  
Than to live rich in corruption  
I said that I've I've got to live clean  
Cause Jah has got to pass down judgement

Said I wanna be clean  
Can't you see what I mean?

Wanna be strong  
All day long

I would rather to live poor and clean  
Than to live rich in corruption

I wanna be clean  
Can't you see what I mean?

A rich man's heaven is a poor man's hell
