

Something Nice

Gregory Isaacs

Oh yeah

If you're ready, won't you
Come on and let me rock you steady, oh yeah
Just be cool, babe, won't you
'Cause I've got something nice for you

So never judge an apple, oh no
While only looking at the tree, yeah
Hey good looking, won't you
Won't you say something nice to me?

Like telling me you're really ready, oh yeah
For me to really rock you steady
Just say the words that you'll be mine, babe, oh yeah

Whether it rain, snow or shine

Oh yeah - alright
Yeah, yeah

If you're lonely, lonely
And you are feeling so sad, babe
Just call on me darling, oh yeah
And I will make your world be glad

Just say the words that you're ready, oh yeah
For me to really rock you steady, steady
Just say the words that you'll be mine, babe
Whether it rain, snow or shine
