

# Story Book Children

Gregory Isaacs

Story book, story book, children

You've got your world  
And I've got mine and it's a shame  
Two grown-up worlds  
That will never be the same

Why can't we be, like story book children?  
Down in the land, hand in hand, across the meadow  
Why can't we be, like story book children?  
In a wonderland, with nothing planned for tomorrow

Story book, story book, children

You've got his ring, you've got his heart  
You've got his baby  
And when it's too late to turn away  
And start all over again  
Oh no, don't tell me it's too late, babe

Why can't we be, like story book children?  
In and out the rain, hand in hand, across the meadow  
Go ahead, one more time  
Why can't we be, like story book children, yeah  
In a wonderland, with nothing planned for tomorrow

How happy we will be  
If only we were story book children  
How happy we will be  
If only we were story book children...
