

The Border

Gregory Isaacs

If I could reach the border
Then I will step across
So please take me to the border
No matter what's the cost cause I'm leaving yeah

I'm leaving out of Babylon, leaving out
I'm leaving out to Rome, leaving out of Rome
I'm leaving out to dis yah land
This place could never be my home
Say we want we want go home

Say we want we want go home
Yes we want we want go home
Say we want we want go home
Say we want we want go home
That's where we want to go
Say we want we want go home
Africa we want to go
Say we want we want go home
Say we want we want go home

If I could reach the border
Then I will step across
So please take me to the border
And I will pay the cost cause I'm leaving yeah

I'm leaving out of Babylon, leaving out
I'm leaving out to Rome, leaving out to Rome
I'm leaving out to dis yah land

Say we want we want go home
Leaving out to Rome
