

While There Is Life

Gregory Isaacs

Whilst there is life, there is hopes
Man no dead, no call him ghost
Whilst there is life, there is hopes
Man no dead, no call him ghost

If you see your brother is down and out
Why won't try and help him out?
'Cause whilst there is life, there is hopes
Man no dead, no call him ghost

There will come a time when you will be down
And he will return and help you out
So, do onto as they would do to you
"The good that you do will live after you"

Whilst there is life, there is hopes
Man no dead, no call him ghost

If you see your brother is down and out
Why won't try and help him out?
'Cause whilst there is life, there is hopes
Man no dead, no call him ghost

Older aged people dem used to say
"He who laughs last, laughs the best"

'Cause whilst there is life, there is hopes
Man no dead, no call him ghost
Whilst there is life, there is hopes
Man no dead, no call him ghost
Whilst there is life, there is hopes
Man no dead, no call him ghost
Whilst there is life, there is hopes
Man no dead...
