

Revival

Gregory Porter

I try to run, and I grow weary
I try to walk, and I grow faint
Oh, I long to soar on the wings like an eagle
But I look down and I'm afraid
I'm afraid

But you lift me higher
Out of the fire, out of the flames
I lost the feeling
But you give me meaning again

I'm singing revival (revival), revival song (revival)
I'm singing revival (revival), revival song (revival)

I try to find you, lost my way
Walk in the darkness, in search of day
I followed your footsteps, to the gates of the city
I saw your face, oh I'm not afraid
I'm not afraid

You lift me higher
Out of the fire, out of the flames
I lost a feeling
But you give me meaning again

You lifted me higher
Out of the fire, out of the flame
I lost a feeling
But you give me meaning again
(Revival)

I'm singing revival (Revival), revival song (Revival)
I'm singing revival (Revival), revival song (Revival)

Oh you give me meaning
You give me meaning
(Revival)
Oh revival
(Revival)
The direction
(Revival)
Oh my revival
(Revival)
(Revival)
(Revival)
Oh my revival
