Hex It

Grendel

```
Torching the isles for the chosen few
"'Cos hex it, 'cos hex it!"
Regaining control over everyone and you
"'Cos hex it, 'cos hex it!"
Intentions deceitful and ideals contrived
"'Cos hex it, 'cos hex it!"
Minds led by emotions, all reason defied
"'Cos hex it, 'cos hex it!"

Tainted truth until you see through
Where all the bloodshed and the lies reside
You will stay civilized until the beast inside is awakened
And there's nothing more
Tainted truth until you see through

Where all the bloodshed and the lies reside
You will stay civilized until the beast inside is awakened
And there's nothing more

Rearing it's head through the passage of time
"'Cos hex it, 'cos hex it!"
A sneer to be found behind innocent smiles
"'Cos hex it, 'cos hex it!"
Intentions deceitful and ideals contrived
"'Cos hex it, 'cos hex it!"
Minds led by emotions, all reason defied
"'Cos hex it, 'cos hex it!"
