

Aiming for higher ground
My mind is never sound
Unending cycle for answers I need
Caught up in this rat race
Got to keep up the pace
Give me that moment for that brief sweet release

Aiming for higher ground
My mind is never sound
Unending cycle for answers I need
Caught up in this rat race
Got to keep up the pace
Give me that moment for that brief sweet release
Keep me from losing faith
Save me falling from grace
Cut off the line once the message's received

Keep me from losing faith
Save me falling from grace
Cut off the line once the message's received

Aiming for higher ground
My mind is never sound
Unending cycle for answers I need
Caught up in this rat race
Got to keep up the pace
Give me that moment for that brief sweet release
Keep me from losing faith
Save me falling from grace
Cut off the line once the message's received
