

Wheels in Motion

Grendel

We all just spin and spin
We all just spin and spin
We all just spin and spin
We all just spin and spin

And then we turn around

We all just spin and spin
We all just spin and spin
We all just spin and spin
We all just spin and spin

And then we turn around

We all just spin and spin
And then we turn around
We all just spin and spin
And then we turn around
We all just spin and spin
And then we turn around
We all just spin and spin
And then we turn around

We all just spin
Turn, spin, around
Turn, spin, around
Turn, spin, around
Turn, spin, around

We all just spin and spin
We all just spin and spin
We all just spin and spin
We all just spin and spin

And then we turn around

We all just spin and spin
And then we turn around
We all just spin and spin
And then we turn around
We all just spin and spin
And then we turn around
We all just spin and spin
And then we turn around

We all just spin and spin
And then we turn around
We all just spin and spin

We all just spin and spin
And then we turn around
We all just spin and spin

We all just spin and spin
And then we turn around
We all just spin and spin
