Greyson Chance

Time and time, the way it goes
Fall into a new shadow
Kiss all night, shake off the cold
There 'til I'm hypnotized
Stay 'til my eyes go blind
Time and time, the way it goes
Stole my heart, you wear my clothes
If I die, I'll be alone
'Cause you are an island I
Won't leave, let it take my life

Every promise that we've made (Oh-oh-oh)
We're still shiny, broken in (Oh-oh-oh)
So fuck it if we fight (Oh-oh)
We'll always get it right
'Til we don't

Time and time, it always ends
Empty rooms, we split our friends
You say we won't speak again
You know I'll find a way
To heal every scar I laid

Every promise that we've made (Oh-oh-oh)
We're still shiny, broken in (Oh-oh-oh)
So fuck it if we fight (Oh-oh)
We'll always get it right
So fuck it if we fight (Oh-oh)
We'll always get it right
'Til we don't

Time and time, the way it goes
Tear the house down, burn the clothes
Cry until it gets too old
You, where you're supposed to be
Me, caring endlessly
