

## white roses

Greyson Chance

White roses on a pastel sky  
Broken vows on our lips run dry  
I see you out with your friends, you smile  
It's funny how that goes, I haven't slept in a while

I never saw it coming  
I thought we had it all  
I feel you in those moments  
Those nights, held in your arms

Darling be careful with me 'cause there's part of me that you don't know  
Darling be gentle with me when you tell me that you need to go  
And if you should miss me, don't call me, don't tell me, just leave me alone  
Because you cut me wide open left teardrops on all my white roses  
'Cause you cut me wide open left teardrops on all my white roses

Same places on a Friday night  
Holding glances but we're tongue-tied  
I'm with my friends, and it's hard to smile  
It's crazy how that feels, I haven't slept in a while

I never saw it coming  
I thought we had it all  
I feel you in those moments  
Those nights, held in your arms

Darling be careful with me 'cause there's part of me that you don't know  
Darling be gentle with me when you tell me that you need to go  
And if you should miss me, don't call me, don't tell me, just leave me alone  
Because you cut me wide open left teardrops on all my white roses  
'Cause you cut me wide open left teardrops on all my white roses

I want to believe that maybe it's just emotion  
But I cannot see my life without you, those moments  
So wild and free, blinded by love, devoted  
But now it's just me, unspoken words, white roses

Darling be careful with me 'cause there's part of me that you don't know  
Darling be gentle with me when you tell me that you need to go

And if you should miss me, don't call me, don't tell me, just l  
eave me alone  
Because you cut me wide open left teardrops on all my white ros
