A Leader Always Carries a Stick

Grizzly Bear

Oh a leader walks with force Oh a leader makes the most of what he can, of what he can Oh a leader flaunts his strength Oh a leader takes command of what he can, of what he can.

But he always carries a stick

Oh a leader fills the bags Oh a leader joins the ranks when he can, when he can Oh a leader takes good aim Oh a leader plays the game when he can, when he can

But he always carries a stick But he always carries a stick
