

## Central and Remote

Grizzly Bear

In the wind, in the yoke  
My ride will go  
Central, remote  
Any further and I'll know

Pressing matters bear

Through trials and time  
I keep my feet right  
In line for flight  
So we never recognize

Pressing matters bear  
An able wear and tear on you  
Tear on you

Remind  
Remind  
Tear on you, wear on you
