

## This Song

Grizzly Bear

Its amazing  
All the things you said about us  
Its amazing  
And true  
And its amazing  
That I can still sing this song  
So simply about you  
Because after all  
It is just one of those things  
Because after all  
It is just one of those things  
And its amazing  
How I can still sing this song  
So simply about you
