

Hold Back The Rain

Group 1 Crew

I've been here before, and I'll be here again
I've seen my life go up and down, around and round
Just to land right back here in your hands

And good times may come and go
We may be the last to know
I know You're quiet the storm

Hold back the rain, hold back the wind
Hold back the enemy I can't defend against
With you by my side, I know how this ends
You saved me before, and you'll save me again
And you'll save me again

Sometimes I won't escape the flood, so let me drown inside your
love
I know you'll save this voyager from he who would harm me
And so I'll stand against the wind, the waves beat against my s
kin
And I'll scream, he'll never win, so get thee behind me

Hard times come and go
We may be the last to know
I know You're quiet the storm

Hold back the rain, hold back the wind
Hold back the enemy I can't defend against
With you by my side, I know how this ends
You saved me before, and you'll save me again

Hold back the rain, hold back the wind
Hold back the enemy I can't defend against
With you by my side, I know how this ends
You saved me before, and you'll save me again
You'll save me again

When I don't know where I'm going, don't know what I'm doing
I know that I got you by my side
When I feel I'm used up and no longer good
That's when that's when you'll save me again
When I feel I'm used up and don't know where to go
That's when you'll save me again
Hold back the rain
