

Our Time

Group 1 Crew

Before I even start the day
Before distractions even come my way
Before it ever gets crazy
I gotta have our time

I want to be close to You
So You can bring me back to the truth
'Cause that's the only way I'll make it through
I gotta have our time

I love the moments when You freeze my clock
In the middle of the day through a walk in the park
You let me know You can't be apart from me
'Cause You hold me deep in Your heart

Our time to get away
Your time to be alone with me
My time where I can hear You say
Everything I need to get me through the day

Our time to bring it back to one
Your time to show me Your love
My time to learn how to trust
'Cause I know that I need it so much, our time

Bring it back to the
Take it back to the
Now, bring me back to the
Can I get a

In the middle of my doubt and fear
In the middle of my pain and tears
I know You want to meet me here
So we can have our time

I can share anything with You
And I'll always be the same to You
Every day You want to make me new
We gotta have our time

Yeah, yeah, I can feel the tick-tock watching me
I just got to make a pit stop, constantly
'Cause I know it's what You want and what I need
Just bring me to a place where I can see, this is, this is

Our time to get away
Your time to be alone with me
My time where I can hear You say
Everything I need to get me through the day

Our time to bring it back to one
Your time where You can show Your love
My time where I can learn to trust
'Cause I know that I need it so much, our time

Hey, hey
Just bring it back y'all

Hey, hey
Can I get our time?

Lord I believe You're all I need
I gotta have You everyday
And I won't take a step 'til You tell me what's next
Show me the way

Our time to get away
Your time to be alone with me
My time where I can hear You say
Everything I need to get me through the day

Our time to bring it back to one
Your time to show me Your love
My time where I can learn to trust
'Cause I know that I need it so much, our time

Bring it back to the
Take it back to the
Now, bring me back to the
Can I get our time?

Bring it back to the
Take it back to the
Now, bring me back to the
Can I get a
