VERSE 1

I know you never felt this way
Cloud 9 like we floatin
And I ain't never comin down, no
Too high to see the ground so
If you wanna fly wit me
I can take you on a journey
And you ain't gonna wanna come back

Just give it to me, just give it to me, just give it to me
Give Him everything you got, never hold back
Tell me tell me how ya feel when you do that
Just give it to me, just give it to me
There's an energy you feel when you let go

So put your hands up, if you want it, you can get it tonight
Just lose yourself, and let the spirit take you over tonight

I want that power, that power, give me that power
I want that power, that power, give me that power

One time for the good Son
Two times for real ones
Three times for the homies who don't know about the power that you get when
you serve one
True God and it's so right
Gang style homey fo life
I done got jumped in took away a brotha's sin, now I'm livin that good life

Just give it to me, just give it to me
Give Him everything you got, never hold back
Tell me tell me how ya feel when you do that
Just give it to me, just give it to me
