## **Triumph Of The Dead**

## **Gruesome Stuff Relish**

Triumph of the dead around the world
Abomination of tortured souls
Our life ends the death arise
We seek the light but the gods are on their side

Desolation, hell on Earth Gruesome, bloodfeast of human flesh Devouring humans eating their brains Increasing the army of the living dead

Putrid corpses
Dismembered entrails
Hacked to death
No escape

New world order of zombies
It's the triumph of the dead
