

# Crazy Love

Gruntruck

Ooh, it's crazy love  
Ooh, it's crazy love  
Ooh, it's crazy love  
Ooh, yeah, sure to me

I'll fish for food for us  
I'll build a house  
I'll live the forest for you  
I'll burn it down

A little smoke feels good  
We'll eat the flames for food  
A little pain and love  
A little pain feels good

Oh yeah, a little top, a little yellow fiction  
A little fall for you, we're wasted in detention  
I want to dig right in and travel to your center  
A little lazy love will surely resurrect us

We're crazy, all fall down  
We're crazy, all fall down  
We're crazy, all fall down  
We're crazy, all fall down

Sure to me  
Sure to me  
Sure to me  
Sure to me

Crazy love  
Crazy love  
Crazy love  
Crazy love

Yeah, sure to me

I'll fish for food for us  
I'll build a house  
I'll live the forest for you  
I'll burn it down

A little smoke feels good  
We'll eat the flames for food  
A little pain and love  
A little pain feels good

I only waited for a little yellow fiction  
And all you gave to me was higher power lectures  
I only want to dig and travel to your center  
A little crazy love will surely resurrect us

We're crazy, all fall down  
We're crazy, all fall down  
We're crazy, all fall down  
We're crazy, all fall down

We're crazy, all fall down  
We're crazy, all fall down  
We're crazy, all fall down  
We're crazy
