

Push

Gruntruck

Ooh, you gotta push
Before you can get on board
Ooh, you better push
Before you can let it go

So tired of Scorching Down
Let's rest on the Body Farm
I'm sure we won't Lose that way
It Follows us all the time

Ooh, you better push
Before you can let it go
Ooh, you better push
Before you can let it go

You're Racked and it won't let up
Let me tell you about the snuff
Yeah, Break and you'll be all right
Follow signs to our little Tribe

Ooh, you better push
Before you can let it go
Ooh, you better push
Before you can let it go

Machine Action in the streets
Divided we need not be
Give each other and soon you'll see
All Fall Down and Gotta Believe

Ooh, you better push
Before you can get on board
Yeah, you gotta push
Before you can get it 'round

So tired of Scorching Down
Let's rest on the Body Farm
I'm sure we won't Lose that way
It Follows us all the time...
