

Carol and Shine

Guano Apes

Go ahead, you're right
Don't be afraid to see
You're a pioneer, you're not a volunteer
Go ahead, you're right
Don't be afraid to see
You can picture me, I'll be your battery

Sometimes I can see myself just float around
Sometimes I can see myself just flying over them

Carol and shine, for your time
And I cannot leave you anymore
Carol and shine, for your time
And I cannot leave you anymore

Go ahead, you're right
Don't be afraid to see
You can picture me, I'll be your battery
Come in to the light

Carol and shine, for your time
And I cannot leave you anymore
Carol and shine, for your time
And I cannot leave you anymore
Come in to the light

Carol and shine, for your time
And I cannot leave you anymore
Carol and shine, for your time
And I cannot leave you anymore
Carol... (and shine)
And I cannot leave you anymore
And I cannot leave you anymore
