

Quietly

Guano Apes

Quietly
explodes your love
your insecurity is so soft to me
I can't let you breathe in
we are falling into us
I see you dying in my eyes

Just let it all go
you are left
and so am I
just let it all go
we leave all inside

Quietly
we arrive
my insecurity is so soft to you
you can't let me breathe in
we are falling into deep
I'm dying in your open mouth

Just let it all go
you are left
so am I
just let it all go
