

It was a future time  
A decadent world  
Rebellion spread throughout mankind  
There was a girl who cried  
And prayed to be free

My energy  
Will strengthen thee  
I'll make you feel  
So pure and alive  
I'll be your hyperdrive

So moving on she left her old ways  
So far away one night she said  
My lord you've changed my life  
And now I can see

Your energy  
Has strengthened me  
You make me feel  
So pure and alive  
You're my hyperdrive

My energy  
Has strengthened thee  
I'll make you feel  
So pure and alive  
Your energy - energy  
Has strengthened me  
You make me feel  
So pure and alive  
hyperdrive  
hyperdrive  
You're my hyperdrive
