

Salvation

Guardian

Little tests, little lab-spun theories
Backseat scholars who love to drive
Little heads never stop to wonder
Is god alive?

Little truths on a roller coaster
Hold on tight for the next big dive
Every straight and narrow twisted
Is god alive?

You are the one who gives me
Everythings my soul desires
All I desire is the perfect work you've done

Salvation
Salvation
Salvation
Is god alive?
Oh yeah

Little man outside the garden
Little manmade appetites
Little man gonna climb to heaven
Is god alive?

Little gods want to rule the world now
Little works make'em feel so wise
Countfeit wisdom begs the question
Is god alive?

You are the one who gives me
Everythings my soul desires
All I desire is the perfect work you've done

Salvation
Salvation
Salvation
Is god alive?
Oh yeah

Frail man, broken man, do we know you?
Passion play on a lonely hill
You're god, then come off that cross now
Is god alive?

Even death couldn't hold the chosen
Shook three nails and a ton of stone
If you're looking for the answer, look no further
It's god alone

You are the one who gives me
Everythings my soul desires
All I desire is the perfect work you've done
Salvation
Is god alive?
Oh yeah
