

American Republican Jesus

Gungor

White Jesus, why is Your goodness so bad?
Why are Your people so mad?
Why do You need so many old white racists
To gather Your cash?
White Jesus, I know the Donald's Your Man
I know he carries Your plan
To purge all the world of all the non-white people
Lest they go cash

Oh, white Jesus
How can You blame us
For doubting Your heavenly Father
Would burn us
For doubting Your heavenly Father
Would burn us
Unless of course You believe in white republican Jesus

White Jesus, maybe it's time You should go
We pray that You'll leave us alone
Maybe we could find another Jesus
Not so well known

White Jesus, oh how could You blame us
For doubting Your heavenly Father
Would burn us
For doubting Your heavenly Father
Would burn us
White Jesus
