

# Be the Love

Gungor

Every man  
Every woman  
We are born  
In desire  
Bound to time  
We die  
Oh round it goes

As we learn as we suffer  
For belief for a lover  
We can taste it

In the sun in the moon  
Is love  
Out of the ground is love  
Free, we are waves of the ocean  
We are a love revolution

Oh we thought it was other  
In belief or a lover  
It was all right here  
Oh feel it all

In the sun in the moon  
Is love  
Out of the ground is love  
Free, we are waves of the ocean  
We are a love revolution

Be the love...

In the sun in the moon  
Is love  
Out of the ground is love  
Free, we are waves of the ocean  
We are a love revolution
