Come getcha what you want  
Maybe front you one  
If you cool, front you two  
Let you do what you do  
Ain't no drugs without a plug  
That's like a plate without the grub  
Like a hood without the fuzz  
Like a nose without the snub  
Nothin' snappin', nothin' poppin'  
No connect, there ain't no profit  
Damn dog, I whipped it hard  
Can't go back and soften it  
It's a drought, nothin' 'round  
Not a pound, lookin' awful  
Not a brick, not a nick  
Clack, click, it's time for office  
Now my fool just threw me four  
Got some good news for my folk  
Took that trip, hit that road  
Dirty, far from fifty-four
