

Black Enforcers

Guttermouth

We run with the night
Everybody knows we run with the night
We enforce in the night
Everybody knows we enforce in the night
Black enforcers
We enforce by the night
Got got got no pity on you
If you don't know the handshake
We will know that you don't know the handshake
9 times against the wall
Everybody knows its nine times
Black enforcers
Raise your palm and swipe
We enforce with artillery force
Everybody knows Jay Santos
We enforce the enforcer's way
We will know that you don't know the enforcer's way
Black enforcers
