

## New Car Smell

Guttermouth

No more of that new car smell  
Baby baby baby no more new car smell  
Once upon a time you drove perfectly well  
No no no no more new car smell

In the beginning your on top of the heap  
In the back of a truck or maybe a jeep  
Well I've already had my gasket blown  
Your trade in value is getting low  
I broke your seal you blew my hose  
The cause of my financial woes  
I hit the brakes you hit the wall  
Indifferent to your overhaul  
But the horse before the cart  
An eyesore at a pick apart  
I wish you luck I bid the well  
You have lost your new car smell

No more of that new car smell  
Baby baby baby no more new car smell  
Once upon a time you drove perfectly well  
No no no no more new car smell

When things were, were so brand new  
Kelly blue book said it was true  
Now your gearbox is fully blown  
Now I'll part you out not take you home  
I broke your seal you blew my hose  
The cause of my financial woes  
I hit the brakes you hit the wall  
Indifferent to your overhaul  
But the horse before the cart  
An eyesore at a pick apart  
I wish you luck I bid the well  
You have lost your new car smell

No more of that new car smell  
Baby baby baby no more new car smell  
Once upon a time you drove perfectly well  
No no no no more new car smell

Jesus Christ I'm getting bored  
I'd rather push a FIAT than drive a Ford  
Ass, gas or grass it's up to me  
'Cause nobody ever rides for free  
I broke your seal you blew my hose  
The cause of my financial woes  
I hit the brakes you hit the wall  
Indifferent to your overhaul  
But the horse before the cart  
An eyesore at a pick apart  
I wish you luck I bid the well  
You have lost your new car smell
