

Jack of All Trades

Guy Clark

Now I don't mind workin' hard
You can't burn me down
They ain't made a job
That I can't work my way around
Sometime I do it for the money
Sometime for the glamour
Sometime I use my head
Sometime I get a bigger hammer

I worked on the railroad
I worked in the fields
I'm a steeple jack and it's a fact
I drive anything on wheels
I can frame a house drive pilin'
Pour that wet concrete
Take a weldin' rig and build a bridge
And I can do it in my sleep

I'm the jack of all trades
I love every lick I get
If I ain't got the job done son
I might not want to quit
I'm the jack of all trades
That makes me the boss
You gonna get your money's worth
No matter what it costs

I don't work assembly line
Doin' the same ol thing
Same ol shop the same ol clock
Playin' the same ol game
I don't want no desk job man
It don't suit my clothes
I don't need no engineer
Just to show me how it goes
Hmmm hmmm show me how it goes

I'm the jack of all trades
I love every lick I get
If I ain't got the job done son
I might not want to quit
I'm the jack of all trades
That makes me the boss
You gonna get your money's worth
No matter what it costs

There ain't no need to do a job
It I can't do it right
I may not be gettin' rich
But I'm sleepin' good at night
Some call me a gypsy
Some call me a flake
But I'll kiss your ass if I don't earn
Every dime I make

I'm the jack of all trades
I love every lick I get

If I ain't got the job done son
I might not want to quit
I'm the jack of all trades
That makes me the boss
You gonna get your money's worth
No matter what it costs
