

# Christmas Eve

Gwen Stefani

I can't see in this darkness  
So in need of forgiveness  
Before all of my faith dies  
Show me the way like a northern light

Come find me 'cause I can't find myself

I'm looking for you on Christmas Eve  
All over the world the angels sing  
But I'm feeling lost can you save me  
I'm looking for you on Christmas Eve  
I'm looking for you on Christmas Eve

Don't know how I got where I am  
Hurting so much I need healing  
All I have is what I can pray  
Send me your mercy I need your grace

I'm looking for you on Christmas Eve  
All over the world the angels sing  
But I'm feeling lost can you save me  
I'm looking for you on Christmas Eve  
I'm looking for you on Christmas Eve

Come find me 'cause I can't find myself

I'm looking for you on Christmas Eve  
All over the world the angels sing  
But I'm feeling lost can you save me  
I'm looking for you on Christmas Eve  
I'm looking for you on Christmas Eve  
I'm looking for you on Christmas Eve
