

# Certified Lover

Gyptian

So dry

My heart is like a submarine that is on a target  
Suffocating in love is like I'm running out of breath  
You win some, you lose some and you ask yourself  
How much worse can it get? Oh  
You think it's love 'cause you never experienced that  
[?] lost their way  
[?] someday  
I will find myself

Oh woman, you brings out the best in me  
Everything I do, yes, it's amazing  
I'm certified to be your lover and you are my queen  
Baby, you shine along with me  
Oh woman, you brings out the best in me  
Everything I do, yes, it's amazing  
I'm your true lover and you're my true queen  
Forever and ever gotta stay with me

I never know that love could feel this way  
[?] on their face, baby  
[?] story, yeah  
Forever it's you, my baby, I wanna stay

Woman, you brings out the best in me  
Everything I do, yes, it's amazing  
Certified to be your lover and you as my queen  
Forever, for sure, while you stare at me  
Woman, you brings out the best in me  
Everything I do, yes, it's amazing  
I'm certified to be your lover and you as my queen  
Forever and ever wanna stay with me

Through the colder weather  
We shall stick together  
Forever and ever  
I'm cool, you're smooth  
And I'm always giving away the mood  
And to me you know exactly what I do  
Baby, I'm so amazed by you too

'Cause woman, you brings out the best in me  
Everything I do, just it's amazing  
Certified to be your lover and your true...

My heart is like a submarine that is on a target  
Suffocating in love is like I'm running out of breath  
You win some, you lose some and you ask  
How worse can this get, yeah?  
You think it's love because you never experienced that  
Lost too many, lost their way
