

In My Arms

Gyptian

Woah woah woah wooh, (mmh)
Yeah-yeah-yeah
Nooo, yeah-yeah
La-la-la-la...

In my arms, baby
There's were you belong, yeah
I know sometimes it might not be the perfect one
And sometimes you even think we don't belong together
But if you give me one chance I'll chase ya

In my arms, baby
There's were you belong, yeah
For so long, my lady
I've been hoping for this song, yeah

We do things
No one, no other (no other)
We say some bad things to each other (we ain't perfect)
There not another you
And there not another me (ever)
This is my truth and I could never be tired of you (no-no)

In my arms, baby
There's were you belong, yeah
For so long, my lady
I've been hoping for this song, yeah

If I could change this world baby I would
Never ever felt this way before
Now I know and see all the time was worth it
You I know resettle the score

In my arms, baby
There's were you belong, yeah
(There's were you belong)
(There's were you belong)
In my arms, baby
Make me stronger, yeah
So in my arms, baby
There's were you belong
For so long
I've been hoping, mmh, playing this song
