

School Girl

Gyptian

Hello? I hear school girl callin,
Callin me on my phone
I tell flavor tell them gyptian aint home
I hear school callin, on my phone
And I tell my friend to tell them that I'm not at home
If they're looking for me, While I'm over here looking at them
I said they're wondering, where I am
While I'm at the studio building new song
I said they want I, to be their man
But they're not the same age as I am
So school girl'.

Gwan a school go learn di golden rule
And don make no man cum use you turn ya inna foot stool
Gwan a school and take in ya lesson well
Cuz soon you can be da manager fi Sandals hotel.

When you check a stack, and ya hear dem whispers back
You see school girl sit down inna conductor lap
You know straight forward say dat him a feel up dat
Inna di song say dese words might sound slack
But it's di real fact, and di true reality
Better tell di older one fi take care of da school pikni (yea)
Mami haffi work hard fi send dem a school
So school girl'.

Gwan a school go learn di golden rule
And don make no man cum use you turn ya inna foot stool
Gwan a school and take in ya lesson well
Cuz soon you can be da manager fi Sandals hotel.

Callin, oh yea, I aint answerin, no way
Because they could be my young sister
Not my sex partner no day, no time
I said the youths are the future
So protect them from pain harm and danger
Youths are the new leaders
To become the new doctors and lawyers
I said the youths are the future to become the new doctors and lawyers
Said the youths are, Said the youths are, Are the neeew leaders oh oh ooooh
I say, So school girl'..

Gwan a school go learn di golden rule
And don make no man cum use you turn ya inna foot stool
Gwan a school and take in ya lesson well
Cuz soon you can be da manager fi Sandals hotel.
