

So Much In Love

Gyptian

Ohhh, ohh yeah, ohhh.

Girl it feels like heaven when I make love to you,
There's no special... no one to get to you,

'Cause I'm so much in love, so much in love,
I'm finally in love with you,
Because I'm so much in love (so much),
So much in love with you (so much),
I'm so much in love with you.

Baby, you're the one that makes me strong,
And together we want, we keep... on and on,
If it's something baby you will love to try,
All you got to do is... stronger.

'Cause I'm so much in love (so much),
So much in love with you (so much),
I'm finally in love with you,
Because I'm so much in love (so much),
So much in love with you (so much),
I'm so much in love with you.

You're my every day and my happy times,
You're the one that's by my side,
Never let me go that's... love you till I die,
... love is forever, there's nothing to measure,
Baby you like to love you, this is my life.

'Cause I'm so much in love (so much)
Falling in love,
And I don't want to know... but you,
'Cause I'm so much in love (so much),
So much in love with you (so much),
I'm so much in love with you.

But it feels like heaven when I make love to you,
There's no special... no one to get to you,
'Cause I'm so much in love, so much in love,
I'm finally in love with you,
Because I'm so much in love (so much),
So much in love with you (so much).
I'm so much in love with you.
