Fucking with my brain

I know that you're no good for me

I got nothing but hate for you

I know that you're full of sshh...

I know you got a man, still you looking at me
You know I got a girl, but you still looking at me
I know just what you want, just why you looking at me
Baby I got just what you want
Baby I got just what you need

I know that you're full of shit

Come on, I'm no deaf or dumb
I'm not Little Stevie Wonder whatever
No more lies!

I tried to hide
Tried to keep it inside
But I could not get away, can not stay away

Go ahead, keep on acting scandalous,
And watch how a real man handles his shit
