

Feel The Heat

H.E.A.T

Out in the cold there's a fire
Feeding my body and soul

Out in the still there's a rhythm
Pushing me out of control

I saw the defeat as I walked the line
but I know you'll always be there

Feel the heat it's all around
Feel the heat it's deep inside
Feel the heat it's moving in the street
and I like the way it making me feel
Feel the heat

Seeing my life as a mystery
searching for keys to the truth
but its hard to find in this life that we livin in
I put my trust into you
On and on and the show goes on
but you know we'll always be there

Its our defeat as you walk the line
now you know we'll always be there for you

Feel the heat it's all around
Feel the heat burning deep inside
Feel the heat it's moving in the street

Everything has a price that we pay in the end
reaching out for your love

(Feel the heat)

Feel the heat it's all around
Feel the heat burning deep inside
Feel the heat I want to feel the heat
Feel the heat you want to feel the heat
Feel the heat we want to feel the heat
Feel the heat

Now come and join as we march across the land
