

High on Love

H.E.A.T

Slow down honey
he's a rollin' man
A living legend
He tries to be good
but he's bad to the bone
He's a big time player and nobodies fool
You just can't stop him when he's on a roll
Smoothtalking girls
he is out of control

He's not looking for a love affair
Oh no he don't care
Watch out baby when he's coming your way
Like it or not yeah
He takes what you've got

Can't get high get high on love
He can't get high on love no more
Can't get high get high on love
He can't get high on love

He got caught got caught in a trap
Hands are tied they're tied to he's back
He don't play by the rules when playin the field
The love that he feels it just ain't real

He's not looking for a love affair
Oh no he don't care
Watch out baby when he's coming your way
Like it or not yeah he takes what you've got

He can't no he can't
No he can't get high get high on love
He can't no he can't
No he can't get high get high on love
