

## Focus

H.E.R.

Me  
Can you focus on me?  
Baby, can you focus on me?  
Babe

Hands in the soap  
Have the faucet's running  
And I keep looking at you  
Stuck on your phone  
And you're stuck in your zone  
You don't have a clue

But I don't wanna give up  
Baby, I just want you to get up  
Lately I've been a little fed up  
Wish you would just focus on

Me  
Can you focus on me?  
Baby, can you focus on me?  
Me  
Me  
Can you focus on me?  
Baby, can you focus on me?

Lazy and broke?  
No, he get this money  
So I guess I can't complain  
But I feel alone even when we're alone  
And that don't cost a thing

But I don't wanna give up  
Baby, I just want you to get up  
Lately I've been a little fed up  
Wish you would just focus on

Me  
Can you focus on me?  
Baby, can you focus on me?  
Baby  
Me  
Can you focus on me?  
Baby, can you focus on me?  
Me

Baby, focus  
Can't you see?  
I just wanna love you, baby  
Look me in my eyes
