

Man of Me

Haddaway

Mom will make a man of me
I've seen so many faces
Cause they all just don't have love
Yeah, we are the fans I've seen
It's always a goodbye
Cause they all just don't have love

And sometimes late at night
I think about the wrongs and rights
And my pleasures have lost
And then in the morning light
I look in those eyes and rights
And those pleasures

Mom will make a man of me
I've seen so many faces
Cause they all just don't have love
Yeah, we are the fans I've seen
It's always a goodbye
Cause they all just don't have love

And sometimes late at night
I think about the wrongs and rights
And my pleasure...

Mom will make a man of me
I've seen so many faces
Cause they all just don't have love
Yeah, we are the fans I've seen
It's always a goodbye
Cause they all just don't have love
All just don't have love
All just don't have love
