

Ain't Doing It Right

Hadise

Zip your thoughts for a while
Stop thinking where you headed
Cause there's no short cut to my bed

Don't lean back with a sigh
Just get into the romance of the thing
Let's take it easy for a while

It never feels right when the timing is wrong
'Cause I don't need attention with intention

Don't grow sex on my face, go slow if this is your pace
You ain't doing it right
Don't throw sex on my face, oh no time ain't a waste
If you are doing it right

Your eyes keep wondering off
Your mouth hasn't spoken enough
You've quenched my lust with your flapping tongue

Wait a while before you go there
Let's take it easy for a while

Don't grow sex on my face, go slow if this is your pace
You ain't doing it right
Don't throw sex on my face, oh no time ain't a waste
If you are doing it right

Oh no no
Oh ah, ooh ah yeah

It never feels right when the timing is wrong
'Cause I don't need attention with intention

No no no no no no no no

Don't grow sex on my face, go slow if this is your pace
You ain't doing it right (Oh baby go slowly)
Don't throw sex on my face, oh no time ain't a waste
If you are doing it right

Don't grow sex on my face, go slow if this is your pace
You ain't doing it right
Don't throw sex on my face, oh no time ain't a waste
If you are doing it right
