

# When Love Looks Back At You

Hal Ketchum

You led a solitary life  
Un-encumbered by the ordinary  
Strife of another  
No one to answer to  
But Then

When your eyes met  
'cross the room  
And you'd clear  
A path from here to  
Boulder  
Cross the map  
Just to hold her  
Eyes on you  
For one more moment  
Cause you can't stop  
That movie rollin'

There is nothing  
You won't do  
When Love  
Looks back at you  
Break

Lately You've been  
Slowin' down  
When you walk past  
The little diamond  
Shop downtown  
Through the plate glass

You think of how  
Her eyes will smile

Oh and  
What's a short walk  
Down the aisle

When You'd clear  
A path from here  
To Boulder  
Cross the map  
Just to hold her  
Eyes on you  
For one more moment  
Cause you can't stop  
That movie rollin'

There is nothing  
You won't do  
When Love  
Looks back at you

And You'd clear a path  
From here to Boulder  
Cross the map  
Just to hold her

Eyes on you  
For one more moment  
Cause you can't stop  
That movie rollin'

There is nothing  
You won't do  
When Love  
Looks back at you
