

## One Of These Days

Hale

Rest your weary heart  
From the battles that haunt you  
Don't give up  
I will always be with you  
Worlds away this words would stay  
So fly  
So high  
Coz one these I'll find you  
So just fly  
Don't you cry  
Coz one these days I'll be beside you  
This I promise you  
This I promise you  
This I promise you  
This I promise you  
One of these days  
One of these days  
One of these days  
One of these days  
One of these days  
One of these days  
One of these days  
One of these days
