

The End

Hale

Tell me this is the end
I need to make a stand
Things will never be like before

You left me powerless
I'm still cleaning up this mess
Things can't work out the way they did

This time we say good night
Can't you feel that it's not right
Did you see this coming

Moments I can't pass
Desperate that it won't last
Did you see this coming

Where will this tunnel end
This time I won't give in
This war doesn't make any sense

I hope you understand
We need to take a bow
We're done the curtains must come down

This time we say good night
Can't you feel that it's not right
Did you see this coming

Moments I can't pass
Desperate that it won't last
Did you see this coming

I can't get over the way we used to be
And the way when things were right
I can't get over that last time you didn't try
And the way you said goodbye
