

You Or Nothing

Hale

Hey,
What about yesterday?
You were tryin' to drive me away.
Is it me, or has the wind changed?
'Cause you know, let's try it again.
'Cause it's not yet the end.
And you're not a game.
It's you or nothing at all.
It's you or nothing at all.
It's you or nothing at all.
It's you or nothing at all.

Me, is there something wrong with me?
I'm down on my knees.
Why can't you just believe?
And you know, let's try it again.
'Cause it's not yet the end.
And you're not a game.
It's you or nothin'.
It's you or nothing at all tonight.
It's you or nothing at all today.
But, it's you.
No, it's you.
Oh, it's you.
It's you or nothing at all tonight.
It's you or nothing at all today.
But, it's you.
No, it's you.
Oh, it's you.

All I wanted to say,
is just choose me, from today.
I need you for me.
'Cause I'll miss you.
Can I keep you?
Your fears, begone.

You or nothing at all.
You or nothing.
It's you or nothing at all tonight.
It's you or nothing at all today.
But, it's you.
No, it's you.
Oh, it's you.
It's you or nothing at all tonight.
It's you or nothing at all today.
But, it's you.
No, it's you.
Oh, it's you.
