

Death and Insanity (Reprise)

Hallows Eve

Death and insanity
A flicker in the flame
Death and insanity
Are you truly sane?

Be careful of what lies within or
What you just might find
Evil beings who have come to sacrifice my mind
People try to rearrange me they will never see
The fear and the insanity that lies inside of me

Death and insanity
A flicker in the flame
Death and insanity
Are you truly sane?

Death and insanity...
