Metal Merchants

Hallows Eve

Conquering and pillaging our metal it will stand The mighty metallion will be heard across the land In the end aren't we all animals and leather is the word So welcome to the human zoo where metal can be heard

Metal Merchants Metal Merchants

Conquering and pillaging unleashed and let go Death to modern music and to all who oppose We'll blacken eyes of their severed heads dismember them at nig ht We'll shove our metal down their throats and show them who is r ight

Bang your head against the stage Throw, throw your fist up in the air Don't worry their downgrading of our leather and long hair Thrusting with a vengeance now we know just what they are We're all Metal merchants and there ain't no fucking stars.
