

Death Cheater

Handguns

Tonight I found you creeping up on me
Coming from the corners and keeping me from sleep
I'm not getting any younger
The world's not spinning any slower
Soon enough I'll be gone
(I'll be gone)
So when my heart stops beating
And screaming
()

I've been running for so long
Never said I wasn't strong
Buried in a shallow grave
Staring death down in the face
Dig myself the thought of better days

I'd be lying if I told you
That I didn't think about this
Every hour, every minute
Every second of the day
I keep playing with fire
I've been running for so long
Never said I wasn't strong

Buried in a shallow grave
Staring death down in the face
Dig myself the thought of better days

Is it worth it to you
If you've got nothing left to lose
Is it worth it to you
Is it worth it to you
If you've got nothing left to lose
And you got nothing left to prove
Is it worth it to you
Is it worth it to you
Is it worth it to you

I've been running for so long
Never said I wasn't strong
Buried in a shallow grave
Staring death down in the face
Dig myself the thought of better days

Promise I won't cry and scream
