

## Before I'm Over You

Hank Locklin

I just can't get it through my head you love another now instead  
Can't make myself believe we're really through  
I'm walking up and down the hall talking to a silent wall  
I'll lose my mind before I'm over you  
I think I've almost lost my mind I think about you all the time  
I'm going crazy yes I know and I don't have far to go  
The way you treat me is a shame but I'll keep loving you the same  
I'll lose my mind before I'm over you
